### Will Stand Behind Rules of the Road

Automobile Association Erect Sign  
Posts and Pledge Support to  
Traffic Regulations

At a meeting of the directors of the Kelowna Automobile and Good Roads Association, held last week, several matters of importance to the travelling public were discussed and action decided upon.

The special committee on signposts reported that several posts were ready and that these would be placed in position during the following week. The posts are black and yellow, the official colors of the association, and will be placed at points where important cross roads intersect the main through highway. Wherever possible the mileage to Kelowna is given on the posts. This will be a great convenience to tourists and will bring the Kelowna district in line with other progressive communities which have their main roads marked.

The increasing number of accidents and near-accidents led to a lengthy discussion on the somewhat general lack of observance of the rules of the road. It was pointed out that in this, motorists and cyclists are not the only offenders, but that many drivers of horse vehicles frequently take the inside turn at corners, irrespective of the direction they are going. In this regard the directors were pleased to learn that the City Council had instructed the Chief of Police to be on the look-out for such offenders, and also for speed-fiends who are becoming so numerous as to be a general menace to the public. The secretary, Mr. L. V. Rogers, was authorized to write to the Council expressing the approval of the association and assuring them that the association would stand behind them in enforcing road regulations. Knowing that the provincial statutes fix the speed limit in cities at ten miles per hour, the directors decided to erect, at the four main points of entrance to the city, notices that the speed limit is only ten miles per hour for all vehicles within the city limits.

The directors were unanimously of the opinion that excessive speeding and reckless turning of corners is not confined to city limits, and realizing that one of the aims of the association is to protect the travelling public, they expressed a desire to acquaint motorists and cyclists that there is a speed limit even in the country. The law provides, it was pointed out, that in passing other vehicles the speed should not exceed fifteen miles per hour. Instead of observing this regulation, observation shows that many in meeting or passing another vehicle, turn on the juice and go by at a speed dangerous to all concerned.

Before the meeting adjourned, the directors spilled their venom on those would-be benefactors, who, when through with irrigation water, turn it loose on the public highway, in some cases providing well-plowed furrows across the road. This, it is well-known, is contrary to the law of the land, but, like many other things, it seems to be "a custom more honored in the breach than the observance." However, the secretary was instructed to write to the Public Works Department, pointing out this wanton destruction of public property which becomes a menace to human life, and urging the department to take immediate steps to see that proper means of conveying water across the public highways are provided.

Mayor Sutherland, on his business trip yesterday afternoon, returned to Kelowna.

### FIREMEN BANQUET THEIR OLD RESPECTED CHIEF

Take the Opportunity of Toasting  
Their Members Overseas

Members of the Kelowna Fire Brigade held a banquet in the Lakeview Hotel, on Monday evening, in honor of Max Jenkins, captain of the brigade's war canoe in the regatta and ex-chief of the Brigade, and also of the crew of fourteen men who assisted in paddling the canoe to victory. Numerous other guests were invited to the dinner, including Mayor Sutherland, Mr. J. W. Jones, M.L.A., Ald. G. Meikle, chairman of the fire protection committee; Mr. R. E. Denison, secretary of the War Canoe, and Mr. Geo. McKenzie. Numerous toasts were given during the evening, including Toast to the King. Toast to the guest of the evening, proposed by Chief Alsgard and suitably replied to by the ex-chief; toast to the absent members by Mr. F. M. Buckland, responded to by Mr. J. W. Jones, who spoke of how well the members of the Brigade had answered to the Empire's call of war, when out of a membership of only twenty men at one time there had been thirty-three enlistments, one of whom had made the supreme sacrifice.

The pleasure of the evening was added to by a number of musical items, recitations, etc. These included instrumental music by the Brigade Quartette, songs from Fireman Mathie, Mr. G. McKenzie, Mr. W. Parker, Fireman J. W. B. Browne; cornet solo by Fire Truck Driver J. Gore, recitation by Ald. Meikle, "The Fireman's Wedding." During the evening Mayor Sutherland made a few remarks outlining the good work which the brigade had done under the leadership of Mr. Max Jenkins. Deputy Chief J. Pettigrew also spoke a few words, and, in conclusion, Chief Alsgard told how well the Council looked after the needs of the Brigade and how he had found it a pleasure to be at the head of such an organization. When asked to take the leadership last January he had told the boys he could only promise to be their leader for a short time, and he still hoped that the time would come when he could hand back the reins to Max Jenkins again. A pleasant evening was brought to a close with the singing of the National Anthem.

### MEDALS FOR S.O.S. BOYS ON SATURDAY, AUGUST 31

The decorations promised to S.O.S. boys for their service on the farms and for aiding in production are to be awarded to the boys in the Kelowna district on Saturday, August 31. The Hon. Dr. McLean, the provincial minister of education, has definitely promised to attend the celebration in Kelowna. The affair will take place in the Methodist Church, on Pendozi Street, and a programme of speeches and music will be arranged. Details of the event will be announced shortly. Mr. L. V. Rogers is in charge of the boys in Kelowna, and arrangements are being made by him to make the event one of peculiar interest.

### CLARENCE THOMPSON IS WOUNDED AND ILL

A telegram received this morning by Mrs. Thompson, of Lawson Avenue, Kelowna, of pleasant tidings from her son, Corp. Clarence had received a gunshot wound in the left leg and was dangerously ill. Corp. Thompson went overseas with the 172nd Batt. in the fall of 1916 and has seen some heavy fighting, having been previously wounded a little over a year ago.

### Kelowna 12th Annual Amateur Regatta

Although the twelfth annual Kelowna regatta was, without a doubt, both a success and an enjoyable event, yet there were very few thanks due to the weather, although, it must be confessed, it might have been much worse. The rain of the previous day had put the ground into poor condition for the land sports of the morning, and reduced the number of entries in these events. The many showers during the day, which broke the regular run of events, took the gift off what would otherwise have been a day as pleasant as could be desired from the weather point of view, for it was cool and fresh, with a breeze so gentle that the lake was ideal for aquatic sports. In spite of the fact that the dull and cloudy weather of the early morning kept a great many people who lived at a distance from attending, yet the grand stand was well filled. The Kelowna band aided greatly to the pleasure of the day, and melodiously filled the pauses between events which the showers necessitated. Indeed, the band was pronounced by many who had travelled from ranches miles away to be alone worth the visit, while citizens were loud in the delight of the city's new acquisition.

The field sports started a few minutes after 9 a.m. and ran on until lunch time. The afternoon was chiefly devoted to the water, though Lacrosse was played at the end of the afternoon, when Vernon and Kelowna competed in a hard-fought game. In the evening, the mile swim took place, but there were no spectators to the start and but few saw the finish. A dance took place in the Aquatic Pavilion in the evening, and judging from the crowded floor proved immensely popular. Throughout the evening, too, a confetti carnival was enjoyed by the young people. Fire crackers were much in evidence, and explosions occurred around one's feet until it was felt that the trenches in France would be quiet places compared with Bernard Avenue and the promenade.

Results of the field sports were as follows:

#### FIELD SPORTS

Rowing Fours—Two crews took part in this race, one representing the K.A.A.C. and the other the Fire Brigade. The K.A.A.C. won, thus securing the Knowles' Trophy. Each of the crew also received a flashlight, they were Messrs. DeHart, Weddell, Dykes and Calder.

50 Yards Ladies' Swimming.—1, Ethel Burne, jardiniere; 2, Elsie Cooper and D. Leckie, silver photo frames.

50 Yards Swimming, boys under 16.—1, E. Small, line and spoon; 2, Tom Taylor, stylo pencil.

Single Sculls for Leeson, Dickie, Gross Challenge Cup.—1, M. Chaplin. (Continued on page 4)

### MANY KELOWNA MEN ON NEW CASUALTY LIST

C. K. L. Pyman Dies of Wounds—  
Six Others Wounded

Kelowna was grieved on Monday morning to find that during the weekend quite a big casualty list of local men had come into the city by the dreaded telegrams from the Records Office. Fortunately, only one told of the death of our own men, though another who had been killed had their next of kin in Kelowna. Great regret was manifested everywhere in the community when it became known that Mr. C. K. L. Pyman had been killed in action. Mr. Pyman was one of the old timers of the district, being a resident of the Benches, and no man had been more eager to go overseas. He was a member of the original B.C. Horse, but not being able to get at the Germans quickly enough through this agency he enlisted at Winnipeg for service overseas and later transferred to the Imperial army. The communication announcing his death says that he died of wounds on the 10th August.

Pte. Roy Haug, was wounded in the right arm on the 14th instant, and is now in hospital in Bristol, England. Ewen McLennan, who was wounded on the same day, is also suffering from a gunshot wound in the leg. Tom Akeroyd was wounded on the 12th by a gunshot wound in the head. Pte. J. J. Davies has also been wounded, and Jack Kincaid has received a gunshot wound in the back. Pte. Ira Snellgrove, who was a cousin to Mrs. E. D. Braden, was killed on August 8. He was originally manager of the Monetary Times, and later of the Municipal World, of St. Thomas, Ont. At the time of his enlistment he was manager of the Terminal City Press, Vancouver.

### CITIZENS MUST PAY MORE FOR THEIR LIGHT

Power House Pay-Roll Goes Up  
Again.

The City Council meeting on Monday evening was very short. The Light and Water Committee explained that the engineers at the Power House were threatening to leave the City unless given higher salaries, and they recommended that the requests of the men be complied with. Accordingly, the chief engineer's salary was raised to \$175.00 per month, the assistant engineer to \$145, and the second engineer to \$140, all from September 1. This extra pay would have to be made up by an increase of light charges, declared Ald. Duggan, who expressed a belief that if the discount on the light and water charges was reduced from 33 per cent to 25 per cent it would amount to enough to meet the deficit which would otherwise show on the department's workings. Definite action, however, was left to a subsequent meeting.

Resolutions were put through establishing a pound on Lot 12, Block 9, Map 462, in accordance with the provisions of the new Pound By-law, and Mr. Archie Johnson was appointed pound-keeper.

The Clerk was instructed to inform the Rutland branch of the U.F. B.C. that the city was unable to erect a water trough at the junction of the Mission and Glenmore Roads, as requested by them.

### PRETTY WEDDING AT KNOX CHURCH YESTERDAY

Hoy-Elliott

The Presbyterian Church was the scene of one of the prettiest weddings this season when at noon on Wednesday Miss Ruby Margaret Elliott, second daughter of Mr. and Mrs. S. T. Elliott, was united in holy matrimony to Mr. Benjamin Hoy, the Rev. E. D. Braden performing the ceremony. The bride, who entered the church on the arm of her father to the strain of Lohengrin's "Bridal Chorus," played by Mr. H. Tod Boyd, looked charming in a cream silk dress, with a bridal veil and carrying a bouquet of cream sweet peas. She was attended by her sister, Miss Ray Elliott, who wore a pretty dress of white voile, trimmed with pink. In addition to the bridesmaid, there were two little flower girls, Lillian Elliott and Ella Cameron, daintily dressed in white trimmed with pink, each bearing a basket of flowers. Mr. M. S. Middleton, the provincial fruit inspector from Vancouver, attended the groom as best man.

During the signing of the register, Mrs. E. D. Braden gave a pleasing vocal solo, "Until." Miss Delia Perry and Miss Bay DeHart acted as ushers to the large attendance of friends at the church, which had been gracefully decorated by friends of the bride.

After the ceremony, the wedding party proceeded to Mr. Elliott's home at The Pines, Rutland, where a breakfast and reception took place, and at which a very large number of guests were present. The bridal pair left on the afternoon boat for coast cities, where they will spend their honeymoon, after which they will return to Vernon, where Mr. Hoy is now stationed. The happy couple have been the recipients of a large number of valuable presents and good wishes from their large circle of friends.

Mr. and Mrs. McCubbin left on yesterday afternoon's boat for Vancouver.

Miss Little, who has been the guest of Mrs. Scharf, left this morning for her home at Calgary.

#### FALL FAIR

The Directors of the A. & T. Association have asked us to give publicity to the fact that cattle, horses, sheep, hogs, etc., will be judged on the second day of the fair; that all animals to be exhibited must be on the grounds by 10 a.m., and that no stock will be allowed on the grounds for exhibition after 10 a.m. This will be rigidly enforced.

### Many Auto Drivers Visit Police Court

Eleven Charges are Made against  
Offenders to the Motor Traffic  
Act

Acting under special instructions from the City Council to rigidly enforce the motor traffic regulations within the city, Chief Constable Thomas hired an automobile last Saturday and timed a few of the speeders and paid particular attention to the lights on cars, with the result that on Monday and Tuesday eight persons were brought before Magistrate Weddell on various charges. Mr. Manley Byrns was fined \$5.00 and costs for driving without a rear light on Saturday, Mr. M. H. Chesbro and Eric Dart were each fined \$5.00 and costs for exceeding 10 miles per hour, Mr. C. Casorso and Mr. W. J. Austin were each fined \$5.00 and costs for driving without a light, and Mr. H. Slater was fined the same amount for driving with only one headlight and with no tail light. Mr. W. Wrenham, who has recently arrived here from Winnipeg, was dismissed with a caution for driving without lights on the 17th, but he came up again this morning on two more charges, one for permitting his car to be fun without lights on Tuesday night and a second one for allowing it to be run on that occasion by a boy of 15. Mr. Archie Johnson also came into court this morning for driving without a tail light to his car on Saturday.

Mr. Nick Aender was fined \$5.00 and costs on Tuesday for driving his car on the wrong side of the road, after the close of the regatta on Thursday.

The costs in each of the above cases amounted to \$2.50, so the offenders were required to pay \$7.50 each.

### CARS COLLIDE SUNDAY ON PENDOZI STREET

An automobile accident occurred at about 9:30 on Sunday evening on Pendozi Street, just south of the hospital, when the car driven by Mrs. W. G. Benson, who was proceeding south, was run into by Mr. H. J. Mills, of Kamloops, who was driving a Lambert. Mr. Mills was charged in the City Police Court, on Monday, with driving an automobile when under the influence of intoxicating liquor. He was found guilty and fined \$50.00 and costs and two months in jail. Evidence showed that he was on the wrong side of the road, being four feet over from the centre. Both cars were slightly damaged, but not to any great extent.

**Plays ALL Records Properly**

Here's a phonograph on which you can play any make of record without using any attachments or make-shifts.

The complete Brunswick method of reproduction includes the ULTONA, the new invention that, by the mere turn of a hand plays perfectly both lateral and vertical cut records. This improvement is on all three large models.

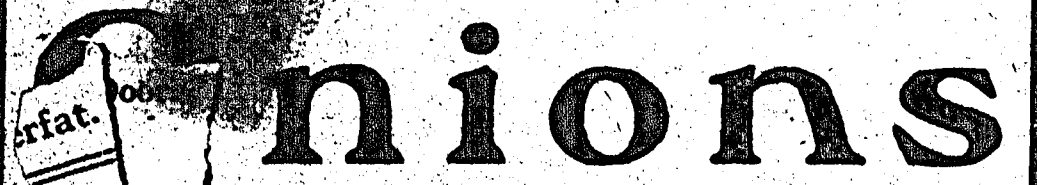

The Brunswick all-wood throat and sound chamber—built like a violin—with the "ULTONA" combine to set up new standards of tone—giving to each record played a purity, power and faithfulness beyond all previous attainment.

**FIND OUT FOR YOURSELF**

Don't be too easily satisfied. Hear them all, then hear the Brunswick play your favorite record—any make! YOU to be the judge.

## ORCHARD RUN

There is much that is excellent in the commendable letter appearing this week in our correspondence columns. It will, without a doubt, be read with interest and a large number will share the opinions and emotions of the writer. While we do not make it a practice to criticize letters submitted to us for publication, preferring to leave that task to our readers, yet we feel that we may be pardoned for pointing out and correcting one of the statements made. The editor of the Courier happened by chance to see the Hon. E. D. Barrow, not knowing before that he was in town. On this occasion he was with Mr. J. W. Jones and no one else was present. On a subsequent occasion, wishing to have a few words with Mr. Barrow for the sake of publicity, the editor again sought out Mr. Barrow, again he was in conversation with Mr. Jones and no one else was present. After waiting for five minutes the conversation was still continuing and the poor, busy newspaper man left without his interview. We mention this not by way of prejudice, but in pure fairness, because it would appear from the letter submitted that Mr. Jones had not set eyes upon Mr. Barrow. On the evening of his visit here Mr. Barrow was entertained to dinner as the guest of Mr. F. R. E. DeHart. Other guests were Mr. J. W. Jones, Dr. Knox, Mr. L. V. Rogers and Mr. H. F. Rees. Our correspondent will recognise in this little party as evenly balanced a political spirit as could possibly be, not at all in the tone which our correspondent suggests. Of

course it was natural that the minister, who was here in connection with the work of the Land Settlement Board, should spend much time in company with Mr. DeHart, its local officer.

A government bulletin received this week conveys some remarkable information with reference to "The Fattening of Chickens." One item which caught our eye brought the valuable information that "Chickens can be readily taught to feed by lamplight; this is a great convenience." Yes, it may be a convenience for the chickens, but from the writer's experience, with feed at the present price, it seems scarcely a desired education to give a chicken. Most chickens can consume enough in an ordinary day's work to suit the average poultry owner, and with the clock forward an hour they, of course, put in an extra sixty minutes of daily toil which makes artificial lighting in the chicken house appear to be unnecessary. Still, we are obliged to the government for the valuable information.

## SMALL APRICOTS SHOULD NOT BE NUMBERED

Many shipments of Royal cots or "Russians" have been made from Okanagan points to the prairies this year. They have been marked No. 1. It is not necessary to mark these small cots as to grade, but marking them No. 1 is a distinct violation of the Fruit Marks Act, and is also misleading in quoting prices.

## Correspondence

To the Editor, Kelowna Courier:

Sir,—May I be permitted a space in your paper in which to voice my sentiments as a citizen with regards to the recent visit of the Hon. E. D. Barrow, Minister of Agriculture. I am glad it was mentioned in the local paper, otherwise many of us would have been ignorant of his visit. Now as the hon. gentleman was touring round the valley with the express object of getting acquainted with the work and the prospects for future development in this wonderful country, as a practical farmer, he must see for himself what they are like, and also personally meet with those who have the work of organizing in hand if he is going to size up the conditions faithfully and clearly. As a matter of fact, he rushed through here and either gave Kelowna no chance, or was himself given no chance. I don't know which, being only a woman I am not conversant with the inner workings of these things, but I do know that neither our respected member, J. W. Jones, the Board of Trade or our principal citizens and farmers in the vicinity of Kelowna, had no chance to meet him, and I for one wish to state that I do not think Kelowna has been treated with due consideration.

Also, I see by the paper that the Coldstream Ranch has been offered to the government as a likely place for our returned soldiers. Now, as a ratepayer and a voter, I should like to ask a question, and I believe I am within my right in so doing. If the government purchases the Coldstream at \$900,000, is it their intention to give it to the returned soldiers free of cost? Or do they have to pay for it? In the latter case, the more the government pay for the land, the more, of course, the soldiers will have to pay, then why take up such an expensive proposition?

The acreage of really good orchard land is comparatively small, and I have heard that many of the trees are dying from natural causes, a peculiarity in some parts of this valley, and practical people will tell you that you cannot replant for three years or such ground, or the same thing will happen again. Also, there are many expensive buildings which are not at all suitable for the use of soldiers, but will doubtless be included in the price paid. Again, I ask, why take up such an expensive proposition, when right here between Kelowna and Penticton lie beautiful stretches of good land nearly every foot of which is suitable to grow the choicest fruit, and which can be bought and put in shape for much less money, and climate and situation are all that could be desired for men whose nerves are shattered and health impaired? The Coldstream is a pretty spot, I know, but in my opinion, too low and too damp. Then what about the beautiful Indian Reserves? Right at our own door, lying useless, if all the Indians were put upon one reserve, they would have as much as they needed and they could manage, and let them be paid for what we take. I don't advocate robbing the Indian, but foolish sentiment must not blind us to the fact that our boys have fought for the Indian as well as for us, and those of them who have fought side by side with our men will doubtless share the benefits received.

So I think they also should be willing to help in this matter and not play dog in the manger. Personally, I feel that nothing is too good or too much to do for these men who have risked all and suffered so much, to save our country, our homes, and our honour, from a cruel ambitious foe, who, had he conquered, would have speedily stripped us of everything, without a question of right or wrong, from the State of Washington, quotes "Lastly, let us all remember, in this question of providing for the returned soldiers, we shall have to deal with many who are physical wrecks, and many of them moral wrecks too, and God knows we shall have need of patience, and infinite love and pity. Some of them have been to hell and you can't go to the edge of the Bottomless Pit and not smell of brimstone; and some have looked in the face of God, and their manhood has been exalted and purified and ennobled; such is the effect of war."

Oh, fellow-citizens of Kelowna, is there a man among you big enough, brave enough, strong enough, who has no axe to grind, no strings of personal interest to pull? Then in God's name come forward and fight for the rights of our boys, for never in the world's history was there such a chance to play the man's part, or act the shirker.

From a Mother of one of them,  
(MRS. J. T. CAMPBELL.)

## POTATO BUYERS ARE SHOWING ACTIVITY

Manitoba seems to have a good crop of potatoes. They are, so far as known, undamaged by frost, and are offering at \$30.00 per ton shipping point. Armstrong is quoting B. C. potatoes at \$35.00 per ton f.o.b. shipping point.

Seattle expects a big movement of new spuds next week. Buyers are endeavoring to hold the market down in order to fill contracts. Growers have taken a position that has frustrated their efforts. Wholesale prices of potatoes in Seattle are a lb. Edmonton is buying B. C. potatoes, which is rather unusual. Owing to the unsettled state of the market for B. C. potatoes jobbers are observing caution in buying.

## BUYERS WANT RIPE

TOMATOES, NOT GREEN

In the hurry to get on this market before the "cream" vanishes many, if not all Okanagan shippers pack toms in a semi-ripe state, varying from hard ripe to almost green. Buyers find that the most of them are unsaleable for nearly a week after arrival. Ripe toms leaving the Valley which are bought at a cheaper price come into competition with the former shipment. Last week's Okanagan prices were \$1.25; they are offering this week at \$1.00. This would show the need of shipping only hard ripe tomatoes at first of season, otherwise it means a loss to the buyer at this end.

Collector.

### WATER NOTICE

#### USE AND STORAGE

TAKE NOTICE that David Wardlaw, whose address is Kelowna, B. C., will apply for a licence to take and use one hundred and seventy-five (175) acre feet and to store one hundred and seventy-five (175) acre feet of water out of Fish Lake, which flows South Westward and drains into Hydraulic Creek, about one-half mile below South Kelowna Land Co.'s Reservoir Dam. The storage dam will be located at the outlet of Fish Lake. The capacity of the reservoir to be created is about 180 acre feet, and it will flood about 10 acres of land in addition to the lake. The water will be diverted from the stream at a point about one-half mile above junction with Hydraulic Creek, and will be used for irrigation and Domestic purposes upon the land described as District Lot 499-S, Similkameen Division, Yale District.

This notice was posted on the ground on the 4th day of August, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Vernon, B. C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is Aug. 8th, 1918.

## Glenmore Notes

Dr. Giles, of Montreal, was the guest of Mr. and Mrs. G. Stanley last week.

The Misses Beckett, of Regina, sisters of Mrs. J. Vint, are spending a few weeks' vacation here.

Mr. H. N. Gahon, of Penticton, came up on Saturday morning's boat to visit his ranch in the Valley.

Miss Hazel Mayhew, who has been the guest of Mrs. W. Rankin for some weeks, left on Tuesday morning's boat for Medicine Hat.

Messrs. J. N. Cushing, P. A. Lewis and sons took in the motor trip organized by the Kelowna Farmers' Institute on Wednesday, when they visited the Summerland Experimental Station.

Ranchers, whose orchards are clean of fire-blight, should watch for and cut out at once any that appears on the trees. The idea is prevalent that at this time there is little infection. Yet fresh trees keep showing the infection.

The pear is one of the few fruits which should be picked just before it is ripe to get the best results. It should not be gathered before it is mature, but at that stage before it begins to get soft and is showing the first sign of ripe colour, and when the stem separates easily. It should be wrapped in paper, packed in tight boxes and stored in a cool cellar till ready for use. Thinning is important in securing best quality and increasing the size.

In a recent paper, Mr. R. C. Treherne, B.S.A., Dominion Entomological field office, who recently returned from the State of Washington, quotes the representative from Southern Oregon as having done a good deal of experimenting, and stated he had found bichloride of mercury of little avail in treating pruning shears used in the control of fire blight. He claimed that cyanide of mercury had proven a better disinfectant. Fire blight is at present the most serious plant disease we have to cope with in the dry belt.

## MORE SPECIAL PRIZES FOR EXHIBITION

Further special prizes are being offered to the A. & T. Association and the special prize list this year will, without a doubt, far exceed any previous year, especially in the value of the prizes. The latest prize is offered by Messrs. Harvey, Duggan & Davies who announce that they will give \$10.00 for the best plate display of the following six varieties of apples: Delicious, MacIntosh, Northern Spy, Yellow Newtown, Snow and Jonathan. There are to be five apples of each variety to a plate.

## War Time Bread

One of our customers has favored us with the following recipe which we pass on for your use:

In the morning boil half cup of Rice in plenty of water. When cooked put in bread mixed with half cup of Rolled Oats, half cup of Corn Meal, half cup of State Bread Crumbs, three dessert spoons of Sugar, and one tablespoon of Shortening. Pour a pint of scalding water over this and let stand.

Soak a Yeast Cake in a pint of warm water and add late in afternoon; add Flour to make smooth batter.

At bed time add three teaspoons of salt and make batter stiff with Flour. Next morning turn down and put in pans.

Bake a full hour.

This makes lovely bread and uses considerable flour substitute.

## BOY SCOUTS' COLUMN

Edited by "Pioneer."

## Troop First! Self Last!

20th August, 1918.

As a full account of the Sports held on Regatta Day will appear elsewhere in the paper, all we need say here is that the special Scout prize awarded to the scout winning the greatest number of points at all the events was won by Patrol Leader Calder. From our ranks, Scout E. Small followed him, and as a matter of fact P. L. Calder won the greatest number of points against all competitors, with Scout Warren Gayton, of Summerland, a very close second. The former obtained 11 points from the 100 yards open running, the three-legged race, the relay race, the rowing four, war canoe and lacrosse match. The latter obtained 10 points from the running broad jump under 16 and open; the running, hop, step and jump under 15 and open; and throwing the baseball. There was considerable discussion as to whether points should be given in this competition in those events in which competitors were prohibited from entering by reason of age, but as the final result has not been affected it has made no difference. We won the relay race, but it is only fair to add that it was through a fluke, the Summerland runner having dropped the stick which he was carrying. Scout Small's points were all obtained in the water sports, the boys' swimming and diving and the open high and spring-board diving.

We were very glad that we were able to have several of our brother scouts from Summerland as our guests for the day, but are afraid that being so busy we did not make ideal hosts. We were sorry that Pentiction was unable to send any competitors, but we can also appreciate how difficult it is to get away during these busy times.

Our former P.L. Henry Crowley paid his home a flying visit on Regatta Day, but had to leave again the same evening for Salmon Arm, where he is now stationed. Our former P. L. Anthony DuMoulin also left us on Saturday last for the R.M.C. Kingston, the entrance exams, to which he was successful in passing a short time ago.

We trust that there will be some competition for the best model bridge to be shown at the Fall Fair. The bridge will also be accepted as part of the test for the pioneer badge. We are extremely sorry to see the number slipping away and no applicants for the Swimmer's Badge. It is only pure laziness which prevents practically every scout in the troop from holding this badge, and we trust that the next time we have to refer to it will be to announce that the required tests have been passed by several present non-holders.

We hope to get out all accounts at a very early date and expect to have them all paid before we commence our fall work. As everyone has been working nearly all summer there is no reason why they should not be.

Miss Pugh and Mrs. L. V. Rogers left on Wednesday afternoon for Skagway, Alaska.

## KELOWNA 12th ANNUAL AMATEUR REGATTA

(Continued from page 1)

pair gloves; 2, G. Day, framed photo of 1918 regatta.

Long Distance Plunge, two plunges—1, J. F. Burne, 49ft. 5/8ins., Loewe pipe; 2, L. E. Taylor, 47ft. 3/4ins., tobacco pouch.

Gasoline Launch Handicap.—1, "The Dart," D. K. McAlister, of Okanagan Centre, picture "Kitchenery," 2, P. T. Dunn, compass. While the "Lil" of Summerland was undoubtedly the fastest boat in this race, she lost her position and prize through her engine stalling at the start, so that she was four minutes behind the other boats in getting away. The usual form of handicap was used, all the boats starting together and all turning together at a given signal. Any boat making the return trip in less than 30 seconds under her outward trip being disqualified. Naturally, from the starting gun, the time of the "Lil" on her return was nearly 4 minutes less than on her outward trip. Some idea of the speed of the "Lil" may be gained from the fact that in spite of her lost four minutes she ran a full course and returned a minute and a half ahead of the next boat.

Open standing dive, 2 dives each at 12ft., 16ft., and 25 ft.—1, E. Small, Jack knife; 2, J. F. Burne, felt slip-pers.

Running Spring-board Dive, 2 dives—1, J. F. Burne, pair lined gloves; 2, E. Small, loose leaf memo book.

Crab Canoe Race—Paddling 2 canoes with plates as paddles.—1, Geo. Day, tobacco jar and ash tray; 2, Jack Thayer, tie.

50 Yards Open Swimming.—1, D. Hinkson, cigarette case; 2, S. Weddell, cash box. At the result of this race being made known, three cheers were given for the war veterans, both of these men being returned soldiers.

Swimming under water.—1, G. Whitehead, bathing suit; 2, Reginald Weddell, shaving mirror.

War canoe race for the Crawford Cup—Two canoes raced, the K.A.A.C. against the Fire Brigade. This was a splendid race and as exciting as ever. At the first turn, which was opposite the grandstand, the canoes were almost together, but the Brigade got away for the second stretch a little ahead. At the second turn both boats were in about the same position, continuing so to the finish, the Fire Brigade finishing a length and a half ahead. W. Kirkby had the misfortune to break his paddle at the third stroke, but he worked hard with the blade minus a handle. Max Jenkins was in command of the Brigade's boat, with Mr. Crawford at the helm of the K.A.A.C. In the relay race, teams of four, C. Weddell, Geo. Day, R. Weddell and Hinkson beat their competitors and secured a box of gold safety pins.

Single canoes.—1, Geo. Day, ebony clothes brush; 2, H. Burne, cushions. The ladies' war canoe also proved very popular, chiefly on account of the splendid work and the exciting finish, the Red Cross beating the Prisoners of War by barely 3 feet. A camera, a pair of gloves and some silk stockings figured amongst the special prizes. The winning team had H. Burne at the helm with Cady as stroke, while the Prisoners of War boat was steered by Max Jenkins with J. Pettigrew as stroke.

Members' 60 yards Handicap.—1, D. Hinkson, inlaid tray; 2, C. Weddell, set military brushes.

Canoe Tilting caused as much enjoyment as ever, Hinkson and Weddell being the winners of two sets of cuff links. Weddell's fierce onslaughts with the padded lance was an example of the savagery of the Canadian troops with the bayonet.

One mile swim.—1, Holland Burne, 37 1/2 mins., Cup and gold watch; 2, Gordon Whitehead, 38 1/2 mins., 2 books; 3, Elsie Cooper, 43 mins., 4, Mary Ferrier, 52 1/2 mins.; 5, Florence Cooper, 53 mins.

The District Prize for a case of cherries was won by J. Calder, making 11 points, with W. Gayton, of Summerland, second, with 10 points. The baseball match in the evening was won by Kelowna.

At the close of the Regatta, Mrs. J. W. Jones distributed the prizes to the winners, with many appropriate words of commendation to the successful contestants.

The officers for the 1918 regatta, who deserve much praise for the successful managements of the day's many and varied events, were: Committee—Messrs. Wm. Crawford (chairman), St. G. P. Baldwin, J. F. Burne, D. W. Crowley, N. E. De Hart, J. B. Knowles, W. J. Mantle, G. A. Meikle, W. C. Renfrew and E. C. Weddell. Starters—Messrs. D. Pryce, H. C. S. Collett and W. C. Renfrew. Judges—Messrs. P. DuMoulin, W. D. Walker, G. F. B. James, J. Harvey, Jr., F. M. Buckland, J. W. Jones and E. Weddell. Umpire—Mr. Jas. Harvey, Senr. Secretary—Mr. H. G. M. Wilson.

## Markets Report

By J. A. GRANT, Prairie Markets' Commissioner.

## WEEK IN CALGARY

August 19—Calgary market is overstocked with field grown cukes. They are selling at any old price based on condition and size. Some were jobbed from 10c to 50c a box. Wholesalers are now selling good ones at 75c to \$1.00 per box. A car of over-ripe and under-sized peaches and plums rather upset the market in the beginning of this week. Peaches, No. 2, running 100 and 96 to the box were jobbed off because they were over-ripe at 90c and \$1.00 a box. Smaller sizes are now wholesaling at \$1.50 per box and good No. 1 are wholesaling at \$1.75. Washington Elbertas are selling at from \$1.50 to \$1.85. Apples have been lowered in price temporarily by a wholesale firm here bringing in a car from Okanagan and offering them for \$2.30 a box for No. 1.

Ontario has lowered the B.C. tomato market. They are selling 11-qt. baskets at \$1.60 and B.C. field grown are now reduced to \$1.65 per 4-bask. crate to meet this competition. Some each plums were jobbed for \$1.50 a crate, but the market is \$1.70 per crate. There is a slow and uncertain feeling on this market. Crop prospects are improving in Southern Alberta and Saskatchewan.

The following are the wholesale prices: Apples, No. 1, \$2.30; Apricots, ugs, \$1.75; Apricots, 4-bask. crates \$2.00 to \$2.25; Peaches, Triumph, \$1.50 to \$1.75 according to quality; Peaches, American Elbertas, \$1.50 to \$1.85; Cherries, Olivets, \$1.50 to \$2.50 according to quality; Peach plums, \$1.90; Toms, ripe, \$1.65 for 4-bask. crate; New Spuds, 2 1/2c to 3 1/2c lb.; Carrots, 2c per lb.; Cabbage, 3c to 4c per lb.; Celery, 8c and 9c per lb.; Vegetable Marrows, 3 1/2c per lb.

## WINNIPEG

During the past week the B. C. Markets Commissioner paid a visit to Winnipeg. A careful examination of the fruit displays, he says, reveals the fact that B.C. is far too little in evidence with her produce, there here are fine displays of peaches, Crawford's of good size predominating. Tomatoes in 11-qt. baskets from Ontario, sweet cherries from Nelson, sour cherries from Victoria and some blackberries from Hatzic are easy to notice. Big plums, Columbias and Black Diamonds, and many fine displays of pears and apples from Yakima are there. Ontario has several half boxes of Duchess and some Astrachans packed in bushel baskets. This is not a good apple container and it is even worse for peaches. Notwithstanding this fact some Ontario growers have sent them through packed in this way. The peaches are very good but many seen were commencing to show rot in the top row. What will the bottom row be like?

Armstrong celery was also in evidence and some potatoes from the same place. Potatoes are good in Manitoba and they have abundance for local needs at present in Winnipeg. When B.C. decides to select its best products and can supply them in quantity Winnipeg is their market. It will pay us to watch Winnipeg. They are removed from all L.C.L. shipments, and car lots and lots of them are demanded.

## WOMAN'S STATEMENT WILL HELP KELOWNA

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka." Because it flushes the ENTIRE bowel tract completely Adler-i-ka relieves ANY CASE, sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising. P. B. A DIME walked into the SOUTH-END STORE,  
"I'm feeling mighty blue and sore,"  
Says he, "on account of this awful war,  
I see I'm good for a bottle of 'POP.'  
What else am I good for in this shop?"  
"Here are some tins of POTTED MEAT,  
And DEVILED HAM, first rate to eat,  
And these OXO CUBES make a tasty treat;  
Here is Cow-Brand SODA, SALT and SPICE,  
And MacLaren's CREAM CHEESE sure goes nice.  
There's a good many other nice things, too,  
Shucks, what's the sense of feeling blue."
